STEEL BLUE

Parkes Zip Scuff S3 392658

Description
95mm hiker style lace-up ankle boot with padded collar and tongue, plus quick release side zip and scuff cap.

Upper Materials
Cowhide water-resistant fullgrain or nubuck leather and stitched in Nylon thread. Non-Corrosive Lacing.

Toe Cap
200J Safety Steel.

Lining Materials
This boot is lined with Baltico®, which is a soft, non-abrasive, hydrophobic material that wicks perspiration away from the foot, enabling the skin to remain cool and dry.

Full Innersole
A full length footbed that is inserted into the footwear to offer additional support and comfort. This footbed is made from soft polyurethane that will retain its shape and thickness throughout the life of the boot.

Insole
Heavy-duty, flexible anti-bacterial non-woven insole.

Midsole
Directly moulded Polyurethane midsole for greater shock absorption. Penetration Resistant midsole reduces chance of sharp objects piercing the sole.

Outsole
Antistatic Thermoplastic Urethane (TPU) outsole for superior wear properties. Heat resistant to 130ºC.

Width Fitting
Generous and comfortable.

Trisole® Comfort Technology Soling System
The Steel Blue soling system is a patented three density soling system that offers a high level of comfort, shock absorbency and energy return. The system uses PORON® as energy absorbing pads under the pressure points of the foot to give the wearer superior comfort and offers similar shock absorbency and comfort to sports footwear.
